

HOTEL BRISTOL PALACE 🏆🏆🏆

An elegant turn-of-the-century palace in the centre of Genoa, the Bristol Palace is just a few steps from the most important offices and exhibition sites, from Palazzo Ducale to the Carlo Felice Theatre, as well as the most prestigious shops, museums and not least from the largest Aquarium in Europe.

During its recent renovation its elegance and exclusiveness were blended with a modern and functional conception of the services.

The dramatic elliptical staircase in white and Liberty wrought-iron banister soars up to the top floor in a spectacular spiral that seems to be suspended in space.
